

Erich Klock

Manager of the IAP Ambassador Platform for the CEE region
European Space Policy Institute (ESPI)

Erich Klock joined the European Space Policy Institute in Vienna as a project manager in 2010 and is responsible for the Integrated Applications Promotion (IAP) Ambassador Platform for the Central and Eastern European region (<http://iap.esa.int/c/ceer/>). This platform has been established, to support the ESA IAP programme by raising awareness and stimulating projects, in the region of Central and Eastern Europe. Prior to that, Erich Klock worked three years as a scientific staff member for an Austrian research institution and two years as a process engineer for a printed circuit board producer.

Erich Klock holds a master degree in Business Administration in General Management (MBA) as well as a master degree in Space Sciences (MSc), with a specialization in satellite communication and navigation. Furthermore, he holds a degree in electronic engineering (DI(FH)).
