

Ms Zhou Yuanying

China Great Wall Industry Corporation (CGWIC)
Deputy General Manager/Launch Services Division

Mrs. Zhou graduated from China National Defense Science and Technology University in 1983. After ten years work in China Academy of Launch Vehicle Technology as the structure engineer, she started her career in the commercial space business with CGWIC since 1993. She focused mainly on the launch service business development, operating and marketing of Long March launch vehicles. She participated in launch services contract negotiations and contract performance for the Long March commercial launch services programs for nearly twenty years.
